

Idea Questions

Required fields marked with an asterisk *

Idea Name * [What is the name/title of this technology or concept?]

Idea Submitter * [Full Name of Contact Person]

Contact Email Address * [Email Address]

Organization Name(s) * [Submitting Organization Name(s)]

For which ComEd Clean Energy Solutions Team is this intended? * [Dropdown: Strategic Programs & Pilots | Energy Efficiency Research & Development | Beneficial Electrification Pilots (Transportation) | Community of the Future | Other]

Relevant Customer Segment * [Dropdown: Residential – Market Rate | Residential – Income Eligible | Industrial | - Small and Medium Commercial (<500 kW) | Large Commercial (>500 kW) | Public Sector | Other]

Concept Summary *

What is the idea you would like to test? Is the product market ready? If you are proposing a program design or outreach strategy, please describe the mechanism(s) for energy savings.

Use Case *

What is the use case for the solution being studied?

Research Objectives *

What are the main goals or objectives of this research study? What research questions do you plan to answer through this research study?

Study Tasks *

What are the research activities you propose to conduct to achieve the research objectives listed above?

Relationship and Value to ComEd

Is the technology/concept eligible for incentives through any current ComEd offerings? Is the program design used by any current ComEd offerings? If no for either question, do you know why not? If yes for either, what new information will testing your idea provide to ComEd?

Estimated Product or Technology Cost *

What is the approximate retail cost of the product or technology being studied?

Estimated Project Cost * [Dropdown: Less than \$50,000 | \$50,000-\$99,999 | \$100,000-\$299,999 | \$300,000-\$499,999 | \$500,000 or more]

Approximate Timeline *

About how long will it take to field this study? Is there any seasonality to consider?
